

ARC-200

NGEN
EMPOWERING FUTURE

ARC/MMA WELDING MACHINE

200A/220V

WARRANTY

- **3mtr Welding Cable 1.6 to 3.2mm Rod**
- **Generator Friendly Compatible**
- **Wide Voltage AC 176V-280V**

Product Features

- Advanced (IGBT) Inverter and single PCB technology
- Stable performance with strong compensation capability
- Easy for arc starting, less splash, thermostatic control, automatic over-voltage and over-current protection, fan cooled
- Supplied complete with electrode holder,earth cable, hand held shield and welding brush;

TECHNICAL PARAMETERS

Model	ARC-200
Voltage(V)	220V±15%
Frequency(Hz)	50/60
No-load Voltage(V)	60
Current Range(A)	20-180
Input Power(KVA)	8.4
Duty Cycle	60%
Welding Rod(mm)	¢ 1.6-3.2
Power Factor %	0.73
Insulation Grade	F
Protection Grade	IP21S
Weight(Kg)	5.5
(L*W*H)(mm)	345*155*270
Carton CBM(m^3)	0.0376

Hot start	●
VRD	●
Automatic voltage compensation	●
Overheat protection	●
Under voltage protection	●
Over current protection	●
