TECHNICAL SPECIFICATION

Stealth™ Coverlite™ Overspec

Smoke K Rated / ASA940-063-000

DESCRIPTION

The stylish and spacious design of the Stealth™ Coverlite™ means that they comfortably fit over prescription spectacles, whilst maintaining a modern look, unlike traditional, bulkier overspectacles. Stealth™ Coverlite™ feature pantoscopic arms, allowing the lens to be tilted for easy fitting over prescription eyewear. Materials and technology first used in Stealth™ 16g combined with the robust, low base, minimum curve lens offer optimal vision, comfort, and compatibility.

FEATURES

Flexible Frame

The Stealth™ CoverLite™ spectacle frame is both flexible and springy so that the product can fit any head size whilst still providing a comfortable and secure fit.

Pantoscopic Grip Arms

The arms of the Stealth™ CoverLite™ are pantoscopic so that they can be angled above the arms of prescription eyewear. The arms have soft grip pads on them to create a secure and comfortable fit.

Optically Perfect

The robust, low base, minimum curve, optical Class 1 lens provides optimal vision to the wearer.

Ultra Lightweight

Made with materials and technology used on the Stealth™16g, the Stealth™ Coverlite™ is the lightest overspectacle on the market, weighing just 34g. This improves wearer comfort and prevents unnecessary fatigue.

Overspectacle

The stylish and spacious design of the Stealth™ Coverlite™ means that they can comfortably fit over prescription eyewear whilst having a modern look, unlike traditional, bulkier overspectacles.

K&N Lens Coating

The Stealth™ CoverLite™ lens is coated both sides with our PremierShield™ K rated anti-scratch and N rated anti-mist coating.
